

EARTHQUAKE SUPPLIES

CAR AND WORKPLACE

You need to be prepared to shelter at work or in your car for at least 24 hours. Make sure you have food and water and other necessities like medicines in your kit. Also, be sure to have comfortable walking shoes at your workplace in case an evacuation requires walking long distances. Include physical local maps as communications services may be unreliable. Your kit should also be in one container and ready to “grab and go” in case you are evacuated from your workplace.

☐ **Water**

at least one gallon - enough for each person and pet in your car

☐ **Food**

items containing protein such as nuts, trail mix and energy bars; canned fruit and a portable can opener

☐ **Flashlight**

with extra batteries

☐ **First Aid Kit**

and necessary medications in case you are away from home for a prolonged time

☐ **Clothes**

a complete change of clothes with a long sleeve shirt, long pants, gloves, hat & sturdy shoes

☐ **Jumper Cables**

☐ **AM/FM Radio**

for traffic reports and emergency messages

☐ **Shovel**

☐ **Ice Scraper**

☐ **Blankets or Sleeping Bags**

☐ **Flares**

☐ **Cat Litter or Sand**

for better tire traction

ALSO CONSIDER:

☐ **A fully-charged cell phone and phone charger**

☐ **Reflective triangle & vest**

☐ **Baby formula and diapers if you have a small child**

Be prepared for an emergency by keeping your gas tank full. One way to do this is rather than letting your gas tank run empty, refill it when it's still half full. If you find yourself stranded, be safe and stay in your car, put on your flashers, call for help and wait until it arrives.
